

SOUTH MANCHESTER ARCHAEOLOGICAL RESEARCH TEAM

Our archaeology group is based in Cheadle and we carry out archaeological activities and research in the South Manchester area. We are an active voluntary group involved in a number of projects from research through to survey and excavation. During the winter we have a varied and interesting talks programme. New members are always welcome and our talks are open to non-members as well.

Admission to talks is £1 to members and £3 to non-members.

You can join on the night - our annual membership rates are:
£10 individual, £6 concessions (over 60, unwaged, students), £15 family/household.
